Transforming Data Into Strategy

READY FOR 2026

Build a Data-Literate Team

Our Mission

~ To empower organisations and individuals in Zambia and globally with cutting-edge data analytics skills, fostering innovation and excellence in decision-making.

Empowering You and Your Teams with Practical Data Skills

Who We Are

Trendline Training and Consultancy Limited is Zambia's emerging hub for data analytics training and consultancy.

We've empowered professionals and organizations across sectors with hands-on, real-world data skills that drive better decisions and performance.

With proven projects for clients like Dangote Zambia, Liquid Intelligent Technologies, Zambia Sugar, Powerdrive Freight, and more. we deliver practical training that delivers results.

We turn data into decisions – for individuals, teams, and organizations.
